

IS YOUR CCTV EVIDENCE AS CLEAR AS THIS ?

You have the CCTV images - but do you have the evidence?

Do you have a robust - documented CCTV policy?

Have you established an audit trail procedure?

There is much more to CCTV evidence than just the images, you must also have a CCTV policy and establish a strategy & structure to handle the CCTV evidence to ensure that it meets the obligations of the 1998 DPA.

The fact is that – no matter how good your CCTV system is – if you don't follow the correct procedures, your evidence is likely to be inadmissible & you could be found to be non-compliant.

CCTV Evidence Systems - CCTV Evidence Kits - CCTV Evidence Discs - CCTV Signage.

All our products have been designed to be a cost effective solution to your problems.

We manufacture a range of CCTV digital evidential download folders, management documentation and CCTV signage to meet with the provisions of the 1998 DPA and the varied requirements of CCTV surveillance system managers that can be own branded and customised for our clients.

We are experienced in the distribution to our various client companies across the country, organising, CCTV replenishment programs throughout the year for a large number of District Councils, police authorities, large chain stores, fast food outlets, supermarkets, DIY stores & petrol stations.

We offer CD, DVD & Blu-ray CCTV Evidence Disc printing with serial numbering & bar-coding, idents & corporate logos. We also supply a range of associated products such as, CCTV Management Documentation, CCTV Visitor Logbooks, CCTV Disc Duplicators, CCTV log sheets, CPS approved evidence & media evidence bags and a vast range of digital media, suitable for evidence capture and evidence presentation to the relevant authorities from digital CCTV systems.

All our products and services conform to the provisions of the 1998 Data Protection Act.
